COURSE OVERVIEW

An advanced, supervisory-level program that prepares participants for direct oversight of safety and health activities in complex oil and gas operations.

The program integrates core occupational safety principles with industry-specific risk management for drilling, well servicing, offshore operations, process safety and environmental protection. Coverage includes process safety management, SEMS, permit systems, fleet safety, workplace violence prevention and emergency response.

Aligned with OSHA 29 CFR 1910, applicable 1926 provisions and recognized oil and gas practice, the program positions the safety supervisor as an operational leader who implements safety management systems, coordinates hazard control and supports emergency preparedness across worksites.

CORE COMPETENCIES

Self-Paced

Study at your own pace with official reference books, downloadable from the Student Dashboard and yours to keep

Lifetime Access

Your course materials remain available in your Student Dashboard after completion

 **Language:** All course materials, reference books and examinations are delivered in English, Spanish, German and Arabic. Reference books are provided as downloadable PDFs.

FINAL EXAMINATION

1

Score 70% or higher

Complete a timed, open-reference online examination taken through the Student Dashboard, drawn from a structured question bank.

2

Retake if needed

If you do not pass first time, further attempts are available. A short review period applies between attempts so you can revisit the course material.

3

Earn your certificate

A passing score confirms your eligibility for the Certificate of Completion. Once passed, the exam cannot be retaken to improve the score.

ABOUT YOUR CERTIFICATE

Your Certificate of Completion confirms you have completed a structured safety training program informed by OSHA 29 CFR 1910 and 1926. It is not OSHA-authorized training, licensure or regulatory approval, and it complements the site- and task-specific training your employer provides.

WHAT YOU RECEIVE

Sample documents shown ·
