COURSE OVERVIEW

An advanced certification for professionals managing safety programs in hospitals, clinics and long-term care, where complex risks demand vigilant oversight and proactive leadership.

Healthcare organizations depend on safety professionals who can align patient care priorities with rigorous compliance standards. You will learn to conduct comprehensive risk assessments, lead incident investigations, develop emergency preparedness programs and integrate patient and worker safety into daily operations, covering bloodborne pathogens, infection control, safe patient handling, respiratory protection and workplace stress.

Completing the CHSP shows employers, accrediting bodies and communities that you are not just maintaining compliance but driving a culture of safety excellence. It enhances your credibility and supports advancement into senior safety and administrative leadership roles.
